& Sale

POLLED SHORTHORN CONGRESS

MARCH 11th & 12th ★ ALEXANDRIA, LOUISIANA

1957

NATIONAL CONGRESS

Schedule of Events

MONDAY, MARCH 11TH, 1957.

9:30 A.M. - SHOW of Sale Cattle
Dean Lee Agricultural Center (8 miles south of Alexandria, La.
on Highway #71) Le Compte, Louisiana.

Judges: W. N. Anderson, West Liberty, Iowa.
Prof. R. C. Farquhar, Alabama Polytechnic Institute,
Auburn, Alabama.
Prof. S. E. McCrairie, Louisiana State University,
Baton Rouge, Louisiana.

7:00 P.M. - ANNUAL BANQUET AND MEETING OF AMERICAN
POLLED SHORTHORN SOCIETY
Bentley Hotel, Alexandria, Louisiana.

TUESDAY, MARCH 12TH, 1957.

10:30 A.M. - BARBECUE at the Dean Lee Agricultural Center
Hosts are the Louisiana Shorthorn Breeders' Assn. and
Alexandria Chamber of Commerce.

12:30 P.M. - CONGRESS SALE

HOTEL RESERVATIONS: It is necessary for all who plan to attend the Congress to make whatever hotel reservations are required as far in advance as possible. The Bentley Hotel in Alexandria has been designated as headquarters and the management will make every effort to accommodate you. Be sure to mention the Polled Shorthorn Congress when requesting accommodations.

DINNER: Every Shorthorn and Polled Shorthorn breeder and enthusiast should plan to attend the Annual Dinner. Tickets will be available from any Association representative.

ANNUAL MEETING: The Annual Meeting of the American Polled Shorthorn Society will be held directly following the dinner and everyone is invited to attend and take part.

GET OF SIRE, three animals, both sexes represented.

Bred and Owned by exhibitor \$150 \$100 \$50 \$30 \$30 \$30 \$20

In Appreciation

The progress of any breed is influenced by the aggressiveness and co-operation of those who contribute their time, money and effort to the promotion of the breed. No little thanks for the success of this 1957 National Polled Shorthorn Congress should be given to the breeders whose efforts have made possible this consignment of top productions from leading herds.

Then there is another group who have given time and money, as well as effort, to the promotion of this Congress. As proof of the aggressive methods and constructive attitude behind the growing livestock interests in the South. The Louisiana Shorthorn Breeders' Association has provided \$2,000.00 for premiums, and supplied the four trophies to be awarded the Grand and Reserve Grand Champion Bulls and Females.

Our sincere thanks once again must also be extended to Mr. Charles J. Lynn of Lynnwood Farm, Carmel, Indiana for his contribution of \$1,000.00 to make up the premium money provided for the four group classes. This continued contribution has done much to encourage top consignments to our Annual Congress events.

For the first time, a new revolving trophy will be offered to the Best Bull and Female, bred and owned by exhibitor, to be known as the BROMA ADAMS TROPHY, and must be won three times to become the permanent possession of the winner.

Ribbons will be awarded by the American Shorthorn Breeders' Association.

We know all Polled Shorthorn folks join us in extending our appreciation for the liberal contributions making this attractive premium list possible.

*Information
for the Buyer*

MAIL BIDS - Those unable to be present who desire to take advantage of the buying opportunities in this sale, may rest assured that mail or wire bids will be honestly and faithfully executed. Any of the following competent men will be happy to handle buying orders for you. They may be contacted at the addresses listed, or they can be reached in Alexandria in care of Bentley Hotel.

Representing **AMERICAN SHORTHORN BREEDERS' ASSOCIATION**

Allan C. Atlason

Clem Larson

Ted Aegerter

R.G. Heine

Representing **THE SHORTHORN WORLD**, 16 South Locust St., Aurora, Ill.
Don Longley
Horace Walker

SHIPPING ARRANGEMENTS - It is the obligation of the consignors and this Society to see that all cattle are properly loaded on cars or trucks as directed by the buyers for immediate shipment. Cattle will be at buyer's risk as soon as bid off, but every precaution will be taken to see that animals arrive in sound and healthy condition. **BE SURE TO LEAVE DEFINITE SHIPPING INSTRUCTIONS WITH THE SALE CLERK.**

LIABILITY - Although every precaution will be exercised to protect the safety and comfort of guests of the show and sale, neither this Society, nor its representatives, nor the auctioneers or clerks, can assume any liability for accidents.

TERMS - The terms of the Sale are cash unless other arrangements are made in advance with the consignor from whom you purchase. Settlements are to be made with the clerk of the sale immediately at the conclusion of the auction.

GUARANTEE - All animals sold in this sale will be backed by the Standard Guarantee endorsed by the American Shorthorn Breeders' Association, which is printed in this catalog.

AUCTIONEER - C.D. SWAFFAR, TULSA, OKLAHOMA.

AMERICAN POLLED SHORTHORN SOCIETY

Cooperating with
AMERICAN SHORTHORN BREEDERS' ASSOCIATION
Allan C. Atlason, Secretary

STANDARD GUARANTEE OF AMERICAN SHORTHORN BREEDERS ASSOCIATION

1. Proper care must be given by purchaser to protect breeding qualities and health of guaranteed animals.

2. All bulls are guaranteed breeders, provided they are not allowed to serve when under 14 months of age, or allowed to run with the herd when under 20 months of age. In case of failure of a bull to be a breeder, notice shall be given to the seller within six months of date of purchase, or by the time the bull is 20 months of age, if purchased under 14 months of age.

3. With the exception of heifers sold under 14 months of age, all females are guaranteed breeders. Heifers under two years of age shall not be served by a heavy or old bull. Cows or heifers sold as bred, or safe in calf, not proving to be in calf must be reported to the seller within three months after date of sale. Females over 14 months of age sold open, not settling within six months after date of sale, shall be promptly reported to the seller.

4. When an animal fails to comply with the above guarantee the seller has the option of substituting an animal of equal value to the satisfaction of the purchaser, or of having the animal returned for a trial for a period not to exceed six months. The expense of freight in such case is to be paid by the seller. If the animal is then proved to be a breeder beyond doubt it shall be returned to the purchaser at his expense. In case of dispute the return of the full purchase price, without interest, to the buyer will be considered full settlement and satisfaction to all claims. No charge for feed or maintenance shall be made by either buyer or seller. Salvage shall go to the seller. It shall be understood that the same guarantee given for the first animal shall likewise apply to any animal later substituted.

5. All animals catalogued have been tested for T. B. and are clean, and have also passed a test for Brucellosis thirty days prior to the sale, or are accompanied by a Bangs Vaccination Certificate. Announcements will be made covering animals not clear from vaccination.

6. Certificates of registry and transfer will be furnished with each animal sold. A signed pedigree application for unborn calves should be furnished with bred females, showing names and record numbers of sire and dam, as well as service date.

7. Shipment will be made as soon as possible after the close of the sale, but at purchaser's risk of loss or injury after animal is bid off. Where cattle are sold at private treaty the above terms should apply as well as for sale at auction.

All prospective buyers should check health requirements of their states.

As a safeguard to prospective buyers, every animal has successfully passed a clean abortion blood test within 30 days prior to the sale, or will have Certificates of Bangs Calfhood Vaccination, and those that are not from Accredited herds have passed a clean Tuberculin test within the same period. Health certificates will be provided with each lot sold.

Officers and Directors

OFFICERS and DIRECTORS - AMERICAN SHORTHORN BREEDERS' ASSN.

PRESIDENT W. H. Dilatush, Memphis, Tennessee
 VICE PRESIDENT Robert Collier, Fletcher, Oklahoma
 SECRETARY Allan C. Atlason, Chicago, Illinois

 White, C.B. Teegardin & Sons
 Oakwood Harmony 2d x1906843
 Roan, C.B. Teegardin & Sons

OAKWOOD DIPLOMAT x - Has every right to be a 100% dehorner and is one of the last sons of Commander-in-Chief to be offered. He is thick-quartered, deep-bodied, smooth, level and balanced. His dam is one of our best brood cows and her sons have been top show ring winners as well as sires of winners. The 1954 Congress Champion female was sired by a maternal brother. He's bred right, made right and will sire calves that will be right!

5

F. T. BROWN

 Red, F. T. Brown

GRAND COMMAND x - Is a soggy, thick bull. His sire was a Congress Champion. His dam is by Collynie Command - sire of Bonny Butterfly 4th, 1951 International Grand Champion female.

World Wide Demand

POLLED
SHORTHORNS

Polled Shorthorns are the naturally hornless model of the Shorthorn . . . rapidly sweeping to the front in popular acceptance everywhere. They have all the Shorthorn superiority as a beef breed . . . quick adaptability, earlier maturity, quiet, easy-feeding dispositions, good foragers, popular and profitable in the feedlot . . . plus NATURAL HORNLESSNESS.

These characteristics have been bred into Polled Shorthorns for generations and today they possess the highly important prepotency to pass along the improvement.

Polled Shorthorns are an all-American product, developed by thinking breeders because of popular demand with an eye to what the future cattleman will find the most profitable. Keep pace with this growing demand. Give practical stockmen what they are asking for. Breed Polled Shorthorns . . . the modern type of beef production. The growing demand assures an excellent market for your surplus stock.

Polled Shorthorns are tops in weight-for-age, gentleness, quality, modern type and their ability to utilize farm-grown roughages efficiently is unexcelled. Combine this with the fertilizer which they give back to the land and you have the ideal plan for soil conservation.

Today's uniformity of leading Polled Shorthorn herds represents a significant achievement in animal breeding. The scenes taken on a few of the leading Polled Shorthorn farms symbolize this important measure of success in breed development. The uniformity and excellence in type and quality portrayed give convincing evidence of the constructive nature of operations on hundreds of American farms today. Aren't these the kind of Polled Shorthorns you would like to own?

6

HENRY BARSETTI

L L SWEEPSTAKE x - Sired by one of the most popular of all southeastern Champions and a bull that has made a great record in our herd. He is out of a direct daughter of imported Drynie Wonder that has produced so many Champions in the Willow-Lee herd in Ohio. Six of the eight grand-parents in the third generation are great individuals in Scotland. Blend these with the blood of the famous International Grand Champion, Oakwood Merry King, and you have a polled bull carrying the greatest genes of Scotland. The Juliana family is considered one of the best in the Willow-Lee herd. Bangs Vaccinated.

ECM CORNERSTONE x - Is a good son of Oakwood Landmark and out of a Marr Bessie cow. He is a sure breeder and should make a good breeding bull for a top herd.

1956 International Grand Champion Bull

BROADWAY HALLMARK, is exceptionally good-headed, level-lined and well-balanced. He displays great breed character, is uniform in depth and thickness and smooth-fleshing.

As a Senior Calf he was the 1954 International Reserve Junior Champion. As a Senior Yearling he was the 1955 International Senior and Reserve Grand Champion - and in 1956 as a two-year-old he won the Grand Championship honors for his owners, Ray and Gerald Clodfelter, Glatwyn Farms, Greencastle, Indiana.

He was sired by Oakshade Hallmark 12th x and was out of Willow Lee Lavender 2d.

OAKWOOD CAPSTAN x - Is a dark roan of exceptional scale, ruggedness and weight-for age. He's been pen fed and is ready to rustle for his living. Two first-prize females at the 1956 International were by his sire. His dam produced the Champion female at the 1951 Illinois, Ohio, W. Va. and Maryland State Fairs. Six International Champion bulls are in his inheritance. You can buy this bull with confidence.

**This
Head**
has something
**Everyone
Likes—**

Natural Hornlessness

The breeder likes Polled Shorthorns . . . the farmer likes Polled Shorthorns . . . the feeder likes Polled Shorthorns . . . the packer likes Polled Shorthorns.

They are pleasing to the eye, have individuality, character and good dispositions, and the best possible conformation.

No section of the United States is over-supplied with herds of good beef cattle and wherever they are found as a major livelihood there prosperity moves along at an even level. Cattlemen can always count on an income where many other lines of business fall short. This has been especially true of Polled Shorthorn herds. They have weathered economic storms and return maximum profits on your investment

The greatest returns per cattle unit will come from quick fattening, good milking, earlier maturing hornless Shorthorns. The degree to which the production of beef has risen in efficiency makes the utility advantages of the Polled Shorthorn especially desirable to the American producer of prime beef.

Polled Shorthorns are pound makers with abundant natural flesh, well-balanced, with wide, short bodies, straight legs, strong backs and good heads. Because of their natural hornlessness they are able to make the most efficient use of shed and pasture space, meanwhile putting on the greatest weight for the same amount of feed of any beef breed.

SPECIAL FANCY TYPE x - Is a very dark red, short-legged, smooth, deep and wide bull with a good polled head. This Augusta family (in our herd since 1925) have been extra good herd bull producers. His sire was a Nebraska Futurity Champion. He is a great-grandson of Alauna Collynie, Congress Champ. and producer of Champs. Collynie Special (His dam's sire) has been a noted producer of both sexes.

CORONET MAX LEADER 5TH x - Sired by the \$7500. bull sold to Milly Milly Farms, New South Wales and out of one of the greatest Polled Shorthorn females that ever lived - the 1953 International Grand Champion female. Four sons of Priam Royal Leader are retained in Thieman breeding herd. This bull has every right to be one of the best breeding bulls sold in recent years.

Dehorn Your Calves Before Birth

Why suffer
expense and
loss of mechanical
dehorning methods?

*Let Polled Shorthorns
do it "at no extra cost."*

Investing in an outstanding purebred Polled Shorthorn bull is the best way to progress in the beef cattle business.

In character, breed type, smoothness from end to end, wrapped in rich coat and scaling 1925 pounds in work condition, this Polled Shorthorn bull presents pictorially a model of the modern proved beef sire. He was often a champion in polled and horned competition and has sired champions. The clean poll, broad forehead, docile eye, large and clear muzzle, strong jaw, short and thick neck, with masculine development of crest, brisket and muscular forearm and over-all width and depth are featured impressively. He has proven his ability as a sire - and represents the modern type Polled Shorthorn breeding bull.

APSI GENIE x - Combines the best imported breeding with the top American polled bloodlines. His sire was Res. Gr. Champion at the Missouri State Sale and later sold as second top at Omaha. His dam is a heavy-set female with good polled breeding. This bull will be a breed improver . . . he is short-legged, deep and blocky, has a nice clean polled head and a good red color.

1956 Congress Grand Champion Bull

ALAUNA PROUD VIKING, a grandson of the 1953 International Grand Champion Viking 4th, came from the youngest bull class of the 1956 Congress. He was a well-balanced, thick, March 1955 son of Hilldale Viking 2d, consigned by A-Laun-A Acres, Vinton, Iowa, owned by Earl S. Girton. This winning made the third Grand Championship in four Congresses for productions from the Earl Girton herd. He was purchased by Gallatin Farms, Triplett, Mo. where he will be given an opportunity to prove his worth in one of the strong herds of the Midwest.

GLATWYN LEADER 34TH x - Is a young son of Glatwyn Leader from our show herd that could be the bull for a very discriminating breeder. He is a smooth-headed, wide, rugged kind of a bull, with a very good head and plenty of character and balance. His dam has been an outstanding producer as evidenced by the fact we have shown five of her six calves. She was Champion and top-selling female of the Illinois State Sale when we bought her and then became a winning show heifer for us. A full-sister to this bull was our Junior Yearling heifer this year that was first at the Illinois and Ohio State Fairs, third at Indiana and fourth in strong competition at the International. We can recommend this bull to our friends as a top herd sire prospect.

RICHWOOD REPLY x - Is a very strong-headed, rugged calf with a great width and depth in his rear end, and possessing the same quality and smoothness characteristic of calves by Lynnwood Mainline, sire of the 1956 Ohio State Fair Reserve Champion female.

Ideal Type Polled Shorthorn Female

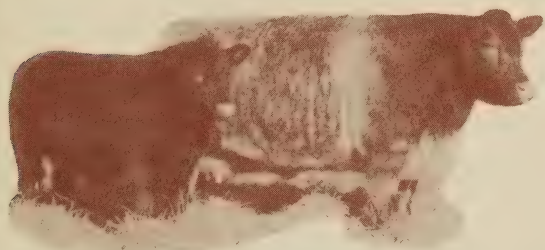

POLLED SHORTHORNS . . . SOLID FOUNDATIONS FOR SECURITY

The herd which achieves distinction consists of the best bull that money can buy and good females which can enhance that bull's value with each succeeding crop of calves.

Those who study their costs in raising heifers are convinced that it pays to raise only the good ones. It takes just as much feed, just as much time, just as much barn and pasture room to raise poor ones as it does cows like those portrayed that are bred right . . . but there is a vast difference in the check when it's selling time for either the calves or their dams. Select your foundation females and herd sire where the quality is high and the animals popularly bred!

The progress of a breed is determined by the actual improvement of its animals. Constant improvement in leading Polled Shorthorn herds has been made possible through the careful selection of modern type breeding animals. The uniformity developed through this method makes the task of breeding Polled Shorthorns a much more pleasant one.

Their efficiency in converting roughages into beef, their greater weight for age, fast-gaining ability, gentle dispositions and hornless character, make them adaptable to all conditions under which beef cattle are produced

ROUND GROVE BEAUTY x - This beautiful specimen of the nearly perfect beef breeding female has until now been reserved for showing through one more season and then to become a cornerstone of our breeding program. But with two full-sisters at home showing the same promise and in order to make this Congress one to remember, we are offering our best. Her sire is a former Congress Champion. Her dam is a half-sister to Carona Fascination whose get has been the sensation of the current show season. To date this heifer has been a top contender in major shows and she has been left OPEN for another show season, but will SELL WITH BREEDING PRIVILEGE TO LEVELDALE CORRECTOR, our son of \$35,000. Leveldale Basis that has sired more Champions and first prize winners than any other bull in the history of the breed. BANGS VACCINATED.

1956 International Grand Champion Female

LYNNWOOD PATIENCE 2D is without doubt one of the truly great International Grand Champion Females. This Junior Yearling was sired by Lynnwood Beacon x and out of Brookdale Patience x. An even roan, she has a great head, is deep, thick, and square, low-set and good in the tail-setting. She was Reserve Junior Champion at the 1955 International and Reserve Junior Champion at the Iowa State Fair this year. She was definitely in full bloom for the International.

Bred and Shown by Lynnwood Farm, Carmel, Indiana.

From the famous Princess Royal family, this heifer is in good condition in spite of the fact she has not been fitted. SELLS SAFE IN CALF TO PERFECT DIAMOND x2840568 - the half-brother to the winning group of three steers at the 1955 International. BRED SEPTEMBER 14, 1956. BANGS VACCINATED.

Polled Shorthorn breeders, by incorporating into their animals greater concentration of quality, more uniformity, increased usefulness and a closer adherence to the modern beef type, have created a demand that has brought the cattlemen of the world to our doors.

Since Polled Shorthorns were developed and improved in America, this is their original source of supply. This foreign trade, combined with an ever-increasing demand at home, creates a ready market for the good surplus animals of every Polled Shorthorn breeder.

With the ever-expanding promise of their use in farm and range herds for the purpose of engendering earlier maturity, heavier market weights and at the same time breed horns off calves . . . and with the clear prospect of continued strong export demand for seed-stock . . . Polled Shorthorns have the greatest future of any other breed of beef cattle in America today.

An investment in modern Polled Shorthorns represents the best way to progress in the beef cattle business. They offer dependability, year after year . . . converting roughages and other farm produce into profit more efficiently than any other cattle. They are unexcelled in ability for fast gains, weight-for-age, gentleness and smooth fleshing.

They have the MODERN POLLED HEAD and they combine ease of handling with profitable production methods.

1956 International Grand Champion Steer

P.S. TROUBADOUR 2D, bred by Cyrus S. Eaton, Acadia Farms, Northfield, Ohio, sired by Calrossie Troubadour and out of Acadia Queen of Beauty 2d, was calved the property of Pennsylvania State University. He is a model of practical type and superb quality . . . an extremely thick, meaty, well-balanced individual. He has great smoothness, a full quarter and a deep twist along with beautiful symmetry and evenness of lines. He gained more than two pounds a day since birth, and is an excellent example of the famous Shorthorn "doing ability" so necessary for profitable production on the range and in the feed lot.

He sold for an all-time International record price of \$20.50 a pound to the Greenbrier Hotel, White Sulphur Springs, W. Va. and is currently being toured about the eastern part of the country in a specially constructed car of the Chesapeake & Ohio Railroad, and will be a great salesman for your breed.

OAKWOOD JULIANA B x - Is a foundation female that can establish a strong family in the best herds of the land. Edellyn Royal Leader 83d is the sire of the International Grand Champion steer over all breeds, Ohio's Leader 2d. Her grandam is one of the best females to come out of Scotland and has proven to be one of the best brood cows in the Willow-Lee herd. It's a great family to tie to - she's equal to her heritage. BANGS VACCINATED.

A Study in Polled Shorthorn Type

These Polled Shorthorn females present a study in breed type which may well guide those who are building herd foundations. They show a striking balance of superior depth, width, thickness, constitution, carcass pattern, strong bone, quality and feminine character.

The heifers represent second and fourth generation breeding by one of America's internationally known Polled Shorthorn breed builders and improvers.

This illustration, carefully noted, can supply the less experienced with some basis upon which to fix their ideals and by which to interpret showing and sale happenings.

UNEXCELLED MOTHERS

Every breeder likes his cattle with good, even dispositions, gentle, with big calves and long lactation periods. Polled Shorthorn cows fill that bill perfectly. The matrons pictured show great placidity of disposition, which added to the ability to produce abundant milk, make Polled Shorthorn females such excellent mothers.

Great weight for age depends not only on inherited tendencies, but on plenty of mother's milk from the day the calves are born until they are weaned. Because Polled Shorthorns have the advantage of both of these qualities they have greater weight-for-age than any other breed. The abundant milk of the Polled Shorthorn cows produces growthier, healthier and more profitable calves.

Oakdale Rosewood 74th 1993862
Roan, Oakdale Farms

ROSEWOOD 123D x - Is not highly fitted, but will develop into a great breeding cow. This Rosewood family have been good producers. She is the first heifer sold carrying the service of LYNNWOOD RAINY x, our Junior herd bull. He is an outstanding grandson of the noted Carona Fascination x, and his dam is a top producer in the Lynnwood herd. Pretested clean and CALFHOOD VACCINATED.

LEWIS W. THIEMAN

ORANGE BLOSSOM CORONITA 20TH x - Her sire is making history in Australia. She is from the famous Orange Blossom family with an abundance of polled breeding. Another daughter, now in the Thieman herd, produced one of the best herd bulls for Creekland Farms at Clinton, S.C., selling at \$2500. A truly great breeding family. BANGS VACCINATED.

WAWYLO TYPE ROSEWOOD x - Her dam has produced more outstanding calves than any cow in our herd. This really sweet heifer is a half-sister to our Junior Herd Sire, WaWylo Collynie 3d, on her dam's side and to both the top-selling bull (\$1650.) and top-selling female (\$2,000) of our 1956 farm production sale on her sire's side. She is strictly herd foundation material. CALFHOOD VACCINATION. SELLS OPEN. Amateur photo has not been re-touched.
